

Sadiq Ur Rehman

Lahore Pakistan • +923318939600 • sadiqrahman192@gmail.com - [linkedin.com/in/sadiqdeveloper](https://www.linkedin.com/in/sadiqdeveloper)

MERN Stack Developer with 1 year of practical experience, including 3 months working directly with a client. Detail-oriented and results-driven developer with expertise in building responsive web applications using MongoDB, Express.js, React, and Node.js. Skilled in designing RESTful APIs, crafting clean and modern UIs with Tailwind CSS and TypeScript, and writing scalable, maintainable code. Proficient in Git and deployment tools, ensuring efficient development workflows and timely feature delivery.

Experience

MARCH 2025– PRESENT

Junior MERN Developer | Amox Pvt Ltd | Gulburg , Lahore

- Architected frontend layouts and developed dynamic UI components for **Blainy**, improving load performance by **30%** using React, TypeScript, and Tailwind CSS.
- Contributed to the Blainy desktop application using React within the Wails framework, achieving **cross-platform support with 95% code reusability**.
- Collaborated with the development team to test, debug, and maintain scalable frontend modules, reducing UI bugs by **40%** through rigorous QA processes.
- Implemented UI enhancements with **100% pixel-perfect** alignment based on Blainy's design specifications, enhancing user satisfaction.
- Built and maintained complex layout structures, including multiple sidebars and **seamless light/dark mode toggle**, resulting in **25% increased user engagement**.

SEP 2024 – DEC 2024

React Developer (Training / Mentorship Program) | Amox Pvt Ltd | Phase 1 DHA, Lahore

- Successfully completed an intensive **15-week** hands-on training in React.js, mentored by senior developers, with full task completion and strong practical understanding of core concepts.
- Applied industry-standard coding practices, resulting in a **30%** improvement in code efficiency over initial iterations and contributing to faster load times and better maintainability.
- Gained in-depth expertise in modern JavaScript (**ES6+**), reusable React components, and advanced state management (**Context API, Redux**), increasing project delivery speed by **25%**.
- Actively collaborated with mentors and peers, integrating feedback to improve code quality and UI implementation accuracy by **40%** over the training period.
- Demonstrated consistent progress in debugging and optimization tasks, reducing average bug resolution time by **50%** by the end of the program.

Projects: Chatbot , Full Stack Event Managment, Full Stack Food Order App

Technical Skills

Tech Stack: React.js , TypeScript, MongoDB , Node.js, Express.js, Tailwind CSS, Redux, Context API

Education

Bachelor in Accounting and Finance | Kohat University of Science and Technology | 2021 – 2024

Intermediate in Pre-Engineering | kpk, Pakistan | 2019 –2021

Elementary Schooling | Al-Ain, UAE | 2012 – 2017
