Lahore Pakistan • +923318939600 • sadiqrahman192@gmail.com - linkedin.com/in/sadiqdeveloper

Full Stack Developer with over 2 years of hands-on experience. Proficient in building responsive web apps using **MongoDB**, **Express.js**, **React**, and **Node.js**, designing **RESTful APIs**, and creating clean **UIs** with **Tailwind CSS** and **TypeScript**. Skilled in **Git** for efficient, scalable development.

Experience

Associate Software Engineer – Blainy Sep 2024 – Present
Amoxit Pvt Ltd | Vogue Towers, MM Alam Road, Lahore.

- Architected frontend layouts and developed dynamic UI components for Blainy, improving load performance by 30% using React, TypeScript, and Tailwind CSS.
- Contributed to the Blainy desktop application using React within the Wails framework, achieving cross-platform support with 95% code reusability.
- Collaborated with the development team to test, debug, and maintain scalable frontend modules, reducing UI bugs by 40% through rigorous QA processes.
- Implemented UI enhancements with 100% pixel-perfect alignment based on Blainy's design specifications, enhancing user satisfaction.

Freelance Full Stack Developer Jan 2024 – Present
Remote | Self-Employed

- Built multiple full-stack applications using MERN stack including user authentication, Stripe integration, PDF generation, and dynamic admin dashboards.
- Delivered client-style project outcomes with features such as real-time chatbots, event automation, and food ordering logic.
- Built projects faster through reusable components and advanced state management (Context API, Redux).
- Reduced bug resolution time with strong debugging and optimization skills.

Projects

- Event Management With Ai – MERN Stack**
Built a full-stack application with AI task suggestions, Stripe Payment integration, Pdfkit, JWT authentication, email reminders (EmailJS), and an admin dashboard for event.
- Food Order App – React & Node.js**
Created a complete food ordering system with cart/order history, and a smart AI chatbot for menu suggestions and delivery estimates.
- Chatbot App – React & Express js**
Developed an AI-powered chatbot for real-time user interactions and smart responses.

Technical Skills

- Languages & Frameworks:** JavaScript, React Js, Next Js, Typescript, Node Js, Express.Js, MongoDB
- Styling & Tools:** Tailwind CSS, Redux, Context API, Git, Wails, Docker

Education

- Bachelor Degree**
Kohat University of Science and Technology | 2021 – 2024
- Intermediate in Pre-Engineering**
Khyber Pakhtunkhwa, Pakistan | 2019 – 2021
- Elementary Education**
Al-Ain, UAE | 2012 – 2017
